

## Datasheet AIPFCC21

AI PF CC 21 is suitable for mechanical applications. Reinforced with finer fabric than AI PF CC 22. Can be used, in particular, for mechanical applications where fine tolerances and smooth surface finish are required. Examples of applications are ball-bearing cages for spindle bearings and guide rings for hydraulic cylinders.

### Application

Mechanical applications like ball-bearing cages for spindle-bearing arrangements, piston rings for hydraulic cylinders.

### Material

Strengthened with fine tissue.
